Student Internships

INTO Giving student interns have all completed their 6 week placements in Brighton (with the INTO Giving Team) and in London & San Francisco with Room to Read, one of INTO Giving's partner charities.

Interns developed new employability skills in fields including: Marketing, Communications, PR, Student Engagement, and Business Development.

Interns also brought their own ideas and experience to the table - An invaluable experience for both the INTO students & non profit organisations.

INTO Giving offers a 20% top up of all iGive fundraisers. This benefits causes that mean something to you - to you and you and

your family.

Over the past year iGive fundraising colleagues raised more than £18,500 (\$24,000 USD) for causes including the Alzheimer's Society, Bowel Cancer UK, Dementia UK, Garden House Hospice, St Nicolas Primary School, and Manchester-based cancer charity The Christie.

For any Employee Action Groups looking for immediate actions, running an iGive fundraising event is a great way to get started!

This year we saw more INTO employees, partners and students, step up, take notice and make a difference - Thank you each and every one of you who have supported schoolchildren across the globe.

Running, cycling, walking... you've covered some distance with fundraisers for INTO Giving, and via iGive for a long list of humanitarian causes. Bob Gilmour, Luke Moscrop you've cycled up and down mountains. Josh Brown, you're CLIMBING a mountain.

And there's a host of you who've done much more besides.

In 2022/23, with your support, INTO Giving has provided Girls' education in another 4 countries - giving kids and young people the opportunity to thrive. Since our inception this means we've worked with projects in nearly 40 countries. This year we have also, funded Pakistan flood and Turkey and Syria earthquake refugee relief, and, with your donations, we continue to support relief efforts and aid supplies in Ukraine.
